

# MASSAGE SHOULDER BRACE

## SHORT SLEEVE

### THE FIBER

Xenia garments and devices are made with technologically advanced fabrics and yarns, with the addition of ceramic powders capable of reflecting the far infrared, also called fir. The far infrared frequencies are biocompatible, i.e. Compatible with all living organisms and induce a resonance effect with the water known as the "heat effect", thanks to which microcirculation is optimised.

YSP0002	M/L
YSP0003	XL/XXL

Colour: BLACK

Recommended for sportsmen, for those who drive many hours a day or for those who carry out jobs that require heavy physical effort, the Sustenium short-sleeved massaging shoulder pad reactivates the circulation of the upper limbs through the use of 3D processes with a massaging effect. The natural movement of the arm acts as a pump which activates the lymphatic massage, obtained thanks to the particular texture positioned in contact with the skin. The transpiration zones favor correct thermoregulation. The tension points, positioned on the upper part of the sleeve, offer postural support and greater support to the affected joint. Finally, the backrest gives relief from pain due to inflammatory states and facilitates recovery in the re-education and post-operative rehabilitation phase. In all the aforementioned cases, the use of Xenia garments does not exclude or replace what is medically prescribed

### COMPOSITION

92% PA, 8% EA.

100% of PA is  byon

### TIPS FOR WASHING AND MAINTENANCE FOR BLACK GARMENTS

At low temperatures, both by hand and in the washing machine. It is advisable to: wash in max 40° water; wash separately
